State General Fund (SGF) Flu Program participants can contact:
sgfvaccine@cdph.ca.gov

Children under 9 years of age with a history of fewer than 2 doses of influenza vaccine are recommended to receive 2 doses this flu season. See [CDC Website](https://www.cdc.gov)

Vaccines available through the Vaccines for Children Program should only be used for VFC-eligible children 18 years of age or younger.

* Multi-dose flu vaccines, which contain thimerosal, should NOT be given to pregnant women and children under 3 years of age unless Secretary of the Health and Human Services Agency issues an exemption (CA Health & Safety Code 124172).

Preferred vaccine product for persons 65 or older. If not available, any other age-appropriate inactivated product may be given.

For solid organ transplant recipients aged 18-64, high-dose, adjuvanted, recombinant, and standard-dose flu vaccines are acceptable options.
